DAY 6 HIMBA 'LIVING MUSEUM'

MON 25 MAY 2020

On route to the Damaraland, today you will visit a Himba 'Living Museum'. You will be able to meet some of the local community who will be happy to demonstrate elements of their traditional lifestyle. The Himba are one of the last truly traditional peoples of Namibia and they are normally nomadic, but those that have settled here are now firmly

established and unlikely to move on. They have little time for conventional practices but welcome visitors who want to learn about the customs and traditions of this very proud nation, and they are very willing to offer insight into their beliefs, way of life and everyday routine. A picnic lunch will be enjoyed en-route. In the late afternoon or early evening you will arrive at your exclusive Huab Under Canvas camp in time for sundowners around the campfire.

Accommodation: Huab Under Canvas
Meals: Breakfast, lunch and dinner

DAY 7 RHINO TRACKING/SAVE THE RHINO TRUST

TUE 26 MAY 2020

Today you will spend an exciting and memorable morning out rhino tracking with the assistance of local trackers. It is worth noting that these black rhino form part of one of the only free-roaming black rhino populations in Africa and tracking animals in an unfenced and uninhibited environment is an absolute privilege. You will return to camp for a freshly prepared lunch and with time to relax at camp during the heat of the day. Later in the afternoon you head out again for a scenic nature drive or walk to explore this vast and astounding ecosystem. Huab Under Canvas works together with the Save the Rhino Trust (SRT) - a non-profit organisation that has been instrumental in the preservation of the rare, endangered, desert-adapted black rhino. Having barely survived the slaughter in many parts of Africa during the '80s and '90s, the black rhino population of Namibia increased substantially since the formation of SRT.

Accommodation: Huab Under Canvas
Meals: Breakfast, lunch and dinner

DAY 8 EPHEMERAL RIVER SYSTEMS

WED 27 MAY 2020

In your private safari vehicles, enjoy a scenic drive via ephemeral river systems in search of desert-adapted elephants. They are not a separate species or even a subspecies; they are an ecotype unique to Namibia, behaviourally adapted to hyper-arid conditions.

Accommodation: Huab Under Canvas tents
Meals: Breakfast, lunch and dinner

DAY 9 BRANDBERG/HENTIES BAY

THU 28 MAY 2020
